Positive Choices for a Happier Life

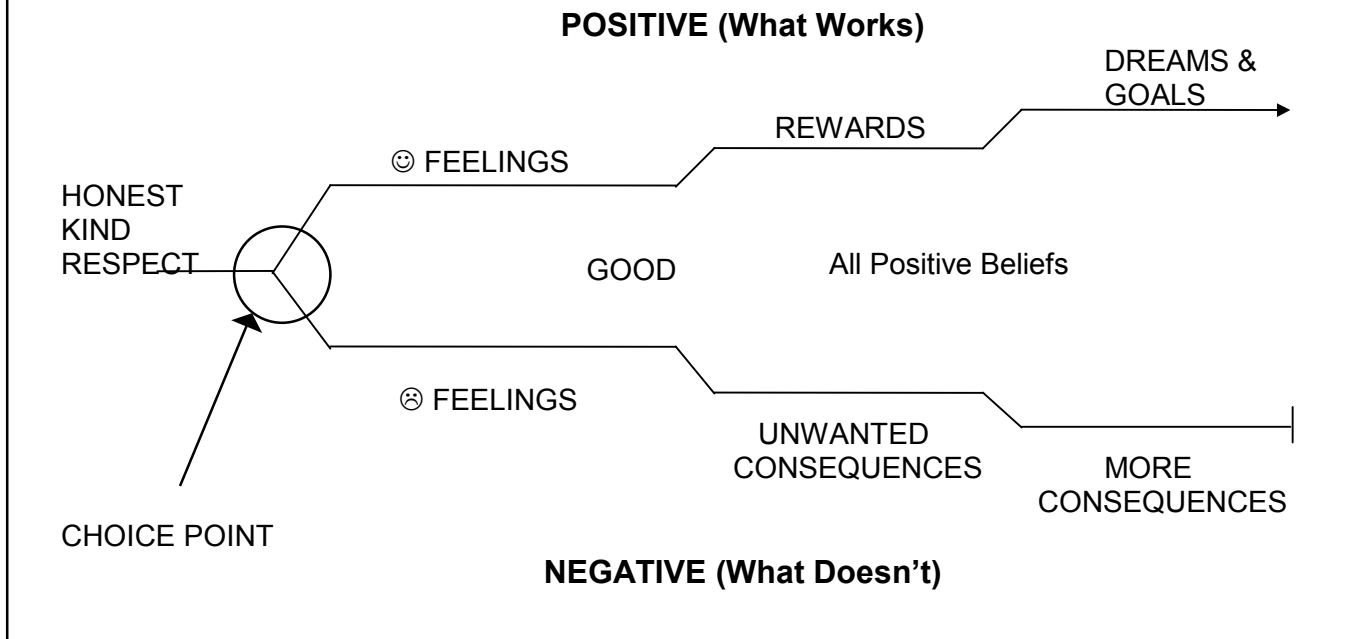

FOR

Choice Point System™

CHOICES → OUTCOMES

The Choice Point System illustrates that for most every decision, there is a moment in time where the decision is made. We call that moment a “Choice Point”.

The Choice Point System shows the people that:

- For every decision there is an Outcome.
- Often these Outcomes are Positive or Negative.
- If they look at the “Choice Point” and decide whether their choice is honest and kind, it will help guide them to a positive outcome.
- Because they have the ability to choose, they are responsible for the results of their decisions.
- Feelings and the outcomes are an indication of whether your making, or have made, a positive or negative choice.
- If they ended up with a negative consequence, at some point *they* made a decision that led them to that outcome.

Positive Beliefs

I am important.

I'm loveable.

I belong.

I'm good.

I am good enough.

I am worthy.

I matter.

I'm capable.

I'm smart.

I am enough.

Negative Beliefs

I am not important.

I'm unloveable.

I don't belong.

I'm bad.

I am not good enough.

I am not worthy.

I don't matter.

I'm not capable.

I'm stupid.

I am enough.

Obstacles Are:

My Primary Negative Driver is:

Truth Tester

Use this in your mind when you find yourself overreacting to something someone has said or done.

1) I am Feeling _____,

2) Because when he/she _____,
(said/did)

3) I thought it meant that I am _____,
-Negative belief about yourself-
(Bad, Not Loveable, Not Good Enough, etc.)

4) What is true is that I am _____!
-Opposite of negative belief

(What you really want to hear and what's true!)
-Repeat this often to yourself!

You can use this when someone calls you a name, spreads rumors, manipulates or does something that you take really personally. For example, say you were to meet someone at a certain time, and they forgot. You might feel mad and think that you are unimportant because they forgot to meet you. So you would put your feelings in the first line, that they didn't show up in the second line, that you think you are "Unimportant" in the third line and the truth, that you are "Important" in the fourth line. Using this can help you to know to not take things so personally. It will also take a lot of the "charge" out of conflicts.
